

# Moss Write 10 plus

Typically done on an off night to pick up 10 miles, but often used for long hot runs in the summertime. Lots of hills, lots of shade, and switchbacks so there is plenty of water. Beautiful trek, very few cars and we usually lose only one runner a year to the wild pack of dogs at mile 5 (ITs A Joke!). Usually spontaneously planned long runs, check the calendar and message board for this treasure.
